Re: Freedom of Information Act Request NGC11-153

Dear Mr. Smathers:

This is in response to your Freedom of Information Act (FOIA) request of October 22, 2010, for the 5 oldest FOIA requests at the William J. Clinton Presidential Library. Your request was received in this office on September 25, 2010, and assigned tracking number NGC11-019.

In our letter of March 24, 2011, we informed you that we closed your request due to lack of payment for previous FOIA requests. Now that we have received payment, we have completed the processing of your request. To avoid confusion, I have assigned a new case number, NGC11-153. Please reference this number in any appeals or correspondence.

We located a total of 119 pages responsive to your request. Five pages are withheld in full pursuant to 5 U.S.C. § 552(b)(5), the deliberative process privilege. Three pages are released in part and withheld in part pursuant to 5 U.S.C. § 552(b)(5), the deliberative process privilege. The remaining 111 pages are released in full.

The first 100 pages are duplicated at no cost in accordance with our regulation 36 C.F.R. § 1250.52(b). There is no fee for the remaining 14 pages as the minimum threshold of \$10.00 has not been met in accordance with our regulation 36 C.F.R. § 1250.54(e).

You may appeal this denial by writing to the Deputy Archivist (ND), National Archives and Records Administration, College Park, MD 20740 within 35 calendar days and explain why you think the withheld information should be released. Both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please include the tracking number NGC11-153 in your appeal letter.

Sincerely,

JAY OLIN  
NARA Deputy FOIA Officer

Dear Mr. Purvis:

Here as requested is a revised version of my request for access to certain records of the Clinton administration under the Freedom of Information Act. I would like to request access to White House Central File subject files and National Security Advisor subject files on the following topics:

Foreign Affairs agencies, reorganization of (this is specifically material relating to the legislation finally passed in 1998 which merged USIA into the State Department as of September 1999).

I would also like to view the following name files:  
Joseph Duffey, Richard (Penn) Kemble, Geoffrey Cowan, Sandy Ungar, Jamie Metzl, Evelyn Lieberman (materials dealing with her work as Voice of America director and Under Secretary of State for Public Diplomacy -- 1996-2001 -- ONLY, NOT material regarding her time as the First Lady's chief of staff).

Finally I could like to view the text of the First Lady's *remarks to the White House gathering to mark the Muslim festival of Eid on 20 February 1996.*

Notes Concerning Conversation with Professor Nicholas Cull – January 23, 2006

Narrowing/Modification of FOIA Request

United States Information Agency – interested in its reorganization – mentioned names Joseph Duffy & Jesse Helms (probably wanted to do away with USIA)

Public Diplomacy – position Under Secretary of State for Public Diplomacy – held by Evelyn Lieberman – key role in reorganization of USIA – not interested in role she might have played in helping Monica Lewinsky “land” in Pentagon

Cultural Diplomacy – was a White House Conference on Cultural Diplomacy – possibly related to reorganization of USIA

Names at bottom of page on FOIA request – wanted to look at alpha file

Mentioned throughout conversation “White House Central Subject Files” –also mentioned wanting to look at agency files for these names

Foreign affairs agencies, reorganization – anything connected with reorganization of USIA

When USIA was reorganized in 1994(?) I think it became part of Department of State

Professor Cull said he would resubmit FOIA request either late today (Jan. 23) or tomorrow (Jan. 24)

FOIA Case: 2006-0213-F

Dear Mr. Cull:

This letter is in response to your request dated January 20, 2006 for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). Your request was received by the Clinton Library on January 20, 2006.

We have performed an initial search of our "textual and electronic" Presidential records for material related to your request concerning Sandy Ungar. Approximately Zero (0) pages of textual records and 139 pages of electronic records must be processed in order to respond to your request. A majority of the records that are responsive to your request contain national security information. Please keep in mind that the page total is an estimate and that all pages processed might not be relevant to your specific topic.

The staff of the Clinton Library is currently processing and reviewing FOIA requests that precede your request. To treat everyone equitably, we have placed your request in our classified processing queue by the date it was received in our office. There are currently fifteen (15) cases pending prior to yours. FOIA requests received by the Clinton Library are processed and reviewed for access under provisions of the PRA and FOIA and are subject to Executive Order 13233, which requires that we notify the representatives of the former President and the incumbent President prior to the release of any Presidential records. Also, it should be noted that many of the documents processed in response to your request may be closed in whole or part in compliance with PRA restrictions and FOIA exemptions.

When processing is completed and the notification period has passed, we will inform you of the availability of the requested records. At that point, you can request that we copy these records at a reproduction fee of \$.50 per page, or you can choose to view these documents in the research room of the Clinton Library where a self-service copier is available for the price of \$.15 a page.

If you have any questions regarding your FOIA request, please contact our staff at (501) 244-2877. Your case log number is 2006-0213-F. Please have this number accessible for reference during any future contact concerning this FOIA request.

20 January 2006

Some months you informed me that today the records of the Clinton administration will fall under the Freedom of Information Act. I would like to request access to materials on the following topics:

United States Information Agency  
Voice of America  
Public Diplomacy  
Public Diplomacy, Advisory Commission  
Cultural Diplomacy  
International Broadcasting  
International Broadcasting, Board of  
Broadcasting Board of Governors,  
Radio Free Europe/Radio Liberty  
Radio Marti  
WORLDNET  
Ring Around Serbia  
NSDD 68  
Foreign Affairs agencies, reorganization of

I would also like to view the following name files  
Joseph Duffey, Richard (Penn) Kemble, Geoffrey Cowan, Evelyn Lieberman (1996-  
2001 only) Sandy Ungar, Jamie Metzl, And to view the text of the First Lady's remarks  
to the White House gathering to mark the Muslim festival of Eid on 20 February 1996.

I look forward to working with the library in this matter.

Nicholas J. Cull

Notes Concerning Conversation with Professor Nicholas Cull – January 23, 2006

Narrowing/Modification of FOIA Request

United States Information Agency – interested in its reorganization – mentioned names Joseph Duffy & Jesse Helms (probably wanted to do away with USIA)

Public Diplomacy – position Under Secretary of State for Public Diplomacy – held by Evelyn Licherman – key role in reorganization of USIA – not interested in role she might have played in helping Monica Lewinsky “land” in Pentagon

Cultural Diplomacy – was a White House Conference on Cultural Diplomacy – possibly related to reorganization of USIA

Names at bottom of page on FOIA request – wanted to look at alpha file

Mentioned throughout conversation “White House Central Subject Files” –also mentioned wanting to look at agency files for these names

Foreign affairs agencies, reorganization – anything connected with reorganization of USIA

When USIA was reorganized in 1994(?) I think it became part of Department of State

Professor Cull said he would resubmit FOIA request either late today (Jan. 23) or tomorrow (Jan. 24)

FOIA Case: 2006-0208-F

Dear Mr. Cull:

This letter is in response to your request dated January 20, 2006 for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). Your request was received by the Clinton Library on January 20, 2006.

We have performed an initial search of our "textual and electronic" Presidential records for material related to your request concerning the Reorganization of the USA. Approximately 546 pages of textual records and 12,105 pages of electronic records must be processed in order to respond to your request. A majority of the records that are responsive to your request contain national security information. Please keep in mind that the page total is an estimate and that all pages processed might not be relevant to your specific topic.

The staff of the Clinton Library is currently processing and reviewing FOIA requests that precede your request. To treat everyone equitably, we have placed your request in our classified processing queue by the date it was received in our office. There are currently ten (10) cases pending prior to yours. FOIA requests received by the Clinton Library are processed and reviewed for access under provisions of the PRA and FOIA and are subject to Executive Order 13233, which requires that we notify the representatives of the former President and the incumbent President prior to the release of any Presidential records. Also, it should be noted that many of the documents processed in response to your request may be closed in whole or part in compliance with PRA restrictions and FOIA exemptions.

When processing is completed and the notification period has passed, we will inform you of the availability of the requested records. At that point, you can request that we copy these records at a reproduction fee of \$.50 per page, or you can choose to view these documents in the research room of the Clinton Library where a self-service copier is available for the price of \$.15 a page.

If you have any questions regarding your FOIA request, please contact our staff at (501) 244-2877. Your case log number is 2006-0208-F. Please have this number accessible for reference during any future contact concerning this FOIA request.

Sincerely,

Melissa Walker

February 16, 2006            DMS            FOIA 2006-0208-F

Mr. Cull requested that an additional search be conducted on the USIA subject file. Vault had searched for USIA but regarded 18 of the 21 folders as not responsive because on 3 related to the Reorganization of USIA. He wanted the subject expanded to include all subject files with USIA as the subject. I added an additional 1800 pages to the NSC file total. I completed a new search in CDSS with subject code "FG 298" as the search term in the field search and came up with 306 hits. It is possible that some of these are duplications. I also conducted a folder title list query and came up with 16 folder titles (however, one is empty) for the search term "\*USIA\*" See abstract report 2006.0208-F (subject file)

Added 1400 pages to unprocessed staff and 100 to processed staff and office  
Added 612 pages to unprocessed subject file.  
Added 1800 pages to SC.

NEW TOTAL TO ADD = 3912

# Consolidation of Public Diplomacy Programs into the Department of State

- Background
- **Advisory Commission report on the consolidation**
- **Other studies and comments on the consolidation**

On October 1, 1999, the United States Information Agency was abolished. The new Office of International Information Programs in the Department of State assumed responsibility for almost all overseas information programs, including the creation and maintenance of USIA's International Home Page on the Internet. The newly created Bureau of Educational and Cultural Affairs now administers most international exchange programs, including the Fulbright program. Most of USIA's operations abroad will continue, albeit under different names in most cases.

USIA's broadcasting elements – Voice of America radio, the non-interactive programs of World television, and Radio Marti and Radio Martí TV, have been placed with other U.S. Government broadcasting services in the International Broadcasting Bureau, an independent government entity. USIA's Foreign Press Centers operation has moved to the State Department's Bureau of Public Affairs, and its Office of Research and Media Reaction has moved to State's Bureau of Intelligence and Research.

The reorganization was carried out in accordance with the Foreign Affairs Reform and Restructuring Act of 1998, which also called for the Arms Control and Disarmament Agency and some functions of the Agency for International Development to be integrated into the State Department.

## Background

On April 18, 1997, the White House announced reorganization of the foreign affairs agencies. Task forces, composed of representatives of each agency affected and union representatives, worked on the issues involved in the plan to consolidate USIA and the Arms Control and Disarmament Agency (ACDA) with the Department of State. The Agency for International Development would remain intact but its director (Administrator) would report to the Secretary of State.

In the summer of 1997 the task forces submitted their recommendations. By October 1, 1997, the reports were awaiting review by the Secretary of State. After the Secretary's approval, recommendations were to be sent to the White House for presidential approval.

Among the issues raised during the deliberations of the task force on public diplomacy was the distinction between public affairs and public diplomacy. As the members of this task force apparently could not reach agreement on this issue, they presented two options:

Option 1 would create an Under Secretary for Public Diplomacy and Public Affairs, with oversight over two bureaus: Educational/Cultural Affairs and Public Affairs. Option 2 would create an Under Secretary for Public Diplomacy. He or she would oversee exchanges, international visitor programs, the current "I" Bureau of USIA (global media operations—which would remain intact), and strategic

communications. Public Affairs would remain separate and distinct under this recommended option.

On November 13, 1997, the House of Representatives leadership stripped from the Foreign Operations spending bill a provision which would have authorized the reorganization of foreign policy agencies, including USIA. After nearly a year in limbo, Congressional authorization, required for the reorganization to take place, finally was given.

On October 21, 1998, President Clinton signed the massive omnibus spending bill for the U.S. Government's new fiscal year. It included legislation abolishing USIA and the Arms Control and Disarmament Agency, merging both within the Department of State, effective October 1, 1999 for USIA. At that time the position of Under Secretary of State for Public Diplomacy and Public Affairs was established. Evelyn S. Lieberman became the first person to fill that position.

The Bureau of Broadcasting, which includes the Voice of America and Radio Marti, operates television activities such as WORLDNET, and provides grants to Radio Liberty/Radio Free Europe and Radio Free Asia, became a separate agency. For further details see the pertinent sections in the web sites to which this site is linked.

## Advisory Commission report on the consolidation

The United States Advisory Commission On Public Diplomacy issued a report in October, 2000, entitled Consolidation of USIA Into The State Department, An Assessment After One Year. The Executive Summary of this report states:

"The U.S. Advisory Commission on Public Diplomacy finds that the consolidation of the United States Information Agency (USIA) in the State Department has to date produced a mixed record. For former USIA employees, the transition has meant a very difficult adjustment; while moving to the State Department has afforded former USIA employees unprecedented career opportunities, it has also required them to conform to the procedures of a Department that is overly centralized and hierarchical. The Commission finds the morale among the Department's "new" employees is worryingly low, but morale is a major problem throughout the entire Department, not just among former USIA employees.

"Although USIA personnel have gone through a very difficult transition, the programs they administer have been affected to a lesser degree. Fortunately, exchanges continue apace, as do information and speaker programs and other public diplomacy activities, although implementation has become more cumbersome under the State Department. Credit for this, the Commission believes, goes to the Under Secretary for Public Diplomacy and Public Affairs for her work in raising the profile of public diplomacy in the Department and tireless pursuing the goal of integration. Of course, without the dedication and effort of the Department's public diplomacy officers--those in Washington and abroad as well as those State officers who have worked on the transition, success would never be possible. Despite their efforts, it will take several years before public diplomacy becomes an accepted "bone" in the Department and is recognized for the value it brings to U.S. foreign policy goals and objectives.

"When consolidation was first proposed in 1997, its supporters in Congress expected it to be accompanied by a reinvention of the way the United States conducts and carries out its foreign affairs. Consolidation was launched last October, though much remains to be done to smooth the transition from USIA into State. The Commission looks forward to the day when real reinvention will follow."

Dear Mr. Purvis:

Here as requested is a revised version of my request for access to certain records of the Clinton administration under the Freedom of Information Act. I would like to request access to White House Central File subject files and National Security Advisor subject files on the following topics:

United States Information Agency  
Voice of America  
Public Diplomacy (If this had its own file)  
Public Diplomacy, Advisory Commission  
Cultural Diplomacy (especially the file relating to the White House conference on this in November 2000)  
International Broadcasting (especially the file relating to the international broadcasting act of 1994 which merged VOA and RFE/RL into a single structure).  
International Broadcasting, Board of  
Broadcasting Board of Governors,  
Radio Free Europe/Radio Liberty  
Radio Marti  
WORLDNET  
Ring Around Serbia (this was a joint effort of VOA, RFE/RL and certain European broadcasters coordinated by NSC)  
NSDD 68  
Foreign Affairs agencies, reorganization of (this is specifically material relating to the legislation finally passed in 1998 which merged USIA into the State Department as of September 1999).

I would also like to view the following name files:

Joseph Duffey, Richard (Penn) Kemble, Geoffrey Cowan, Sandy Ungar, Jamie Metzl, Evelyn Lieberman (materials dealing with her work as Voice of America director and Under Secretary of State for Public Diplomacy -- 1996-2001 -- ONLY, NOT material regarding her time as the First Lady's chief of staff).

Finally I could like to view the text of the First Lady's *remarks to the White House gathering to mark the Muslim festival of Eid on 20 February 1996.*

I look forward to working with the library in this matter.

Notes Concerning Conversation with Professor Nicholas Cull – January 23, 2006

Narrowing/Modification of FOIA Request

United States Information Agency – interested in its reorganization – mentioned names Joseph Duffy & Jesse Helms (probably wanted to do away with USIA)

Public Diplomacy – position Under Secretary of State for Public Diplomacy – held by Evelyn Lieberman – key role in reorganization of USIA – not interested in role she might have played in helping Monica Lewinsky “land” in Pentagon

Cultural Diplomacy – was a White House Conference on Cultural Diplomacy – possibly related to reorganization of USIA

Names at bottom of page on FOIA request – wanted to look at alpha file

Mentioned throughout conversation “White House Central Subject Files” –also mentioned wanting to look at agency files for these names

Foreign affairs agencies, reorganization – anything connected with reorganization of USIA

When USIA was reorganized in 1994(?) I think it became part of Department of State

Professor Cull said he would resubmit FOIA request either late today (Jan. 23) or tomorrow (Jan. 24)

## ARMS Negotiation Check List

1. **Subject Search:** A subject line search further narrows a broad request with "noisy" terms. A search within the subject line for requested material ensures that the topic of all responsive email is the topic requested by the researcher. However, email without the specific term listed in the subject line will not return with search results.

*Researcher requests a subject line search* ✓.

2. **Yesterday's Mail to POTUS/ FLOTUS:** This is email from the general public, addressed to the President. Many email messages were consolidated into one daily email. This form of email is generally considered non-responsive because one e-mail holds hundreds of emails on a variety of different subjects. We will provide Yesterday's Mail at the researchers request, however printing Yesterday's Mail will be difficult and time consuming.

*Researcher does not want Yesterday's Mail* ✓.

3. **Bulk Mail:** Like "Yesterday's Mail," this is email that is made up of many emails bundled together. Bulk Mail is usually email from the public, however it also includes mail from wire services and failed emails (Failure-to-send).

*Researcher does not want other Bulk Mail* ✓.

4. **Mass Mail-outs:** This type of email is characterized by its lengthy recipient list and non-specific collections of subject matter (Ex. List-serves, event announcements, etc.). This type of email often contains hundreds of forwards or attachments and exceeds 150-200 pages. Because so much subject matter is randomly discussed, and so many individuals are recipients of this email, sometimes the search system returns hits containing these "Mass Mailouts." Archivists generally find this material to be non-responsive.

*Researcher does not want Mass Mail-outs* ✓.

5. **Press Releases:** White House Press Releases are already open to the public and found in the Clinton Presidential Library Collection or at the White House webpage. The risk with running this search is that it will eliminate all emails holding this phrase.

*Researcher does not want Press Releases* \_\_\_\_\_.

Press Releases  
Dealing RFE/RE  
with

not domestic  
transcripts

6. **Periodicals/ News Stories/ Press Clippings/ Wire Services/ and Transcripts:** White House staff received transcripts from "Larry King Live," "CNN Cross Fire," "Meet the Press," etc. Staff received online periodicals, scholarly journals; and monthly, daily, and hourly wire updates. It is not known if staffers subscribed to these news stories and wire services. Often there is no message to note the importance of forwarding or sending this email from one office to another. These often respond to general queries but prove noisy and generally non-responsive to the researcher. This email is already in the public domain.

Researcher does not want News Stories/ Press Clippings/ etc.                      J.H.

7. **Call Logs:** This email contains lists of people that have called the White House and their phone number. Messages are not noted in these logs, only names. This email holds no content or substantive information besides names. ~~TRANS~~ TRANS.

Researcher does not want Call Logs ✓.

8. **Duplicates:** Email is often duplicated when the same email message is sent to multiple addresses in the ARMS system. Two email messages may look identical except for the creation date (this may be a draft), or they hold a different file name or database address (ex. I\_u968881).

Researcher does not want duplicates ✓.

Telephone Interview with Professor Nicholas Cull – April 1, 2008

Professor Cull agreed to a subject line search for 2006-0203-F (Radio Free Europe/Radio Liberty). He said the focus of his research was on the reorganization of RFE/RL. He emphasized that he was more interested in international matters. I went through the ARMS Email Checklist with him and he waived his right to all the items with two exceptions. He wanted press statements dealing with RFE/RL and he wanted international transcripts dealing with RFE/RL. He had no interest in domestic transcripts such as "Larry King Live" and so forth. These type of items are probably more likely to be found in electronic or textual materials located in the vault.

FOIA Case: 2006-0203-F

Dear Mr. Cull:

This letter is in response to your request dated January 20, 2006 for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). Your request was received by the Clinton Library on January 20, 2006.

We have performed an initial search of our "textual and electronic" Presidential records for material related to your request concerning Radio Free Europe and Radio Liberty. Approximately 6,160 pages of textual records and 28,817 pages of electronic records must be processed in order to respond to your request. A majority of the records that are responsive to your request contain national security information. Please keep in mind that the page total is an estimate and that all pages processed might not be relevant to your specific topic.

The staff of the Clinton Library is currently processing and reviewing FOIA requests that precede your request. To treat everyone equitably, we have placed your request in our classified processing queue by the date it was received in our office. There are currently five (5) cases pending prior to yours. FOIA requests received by the Clinton Library are processed and reviewed for access under provisions of the PRA and FOIA and are subject to Executive Order 13233, which requires that we notify the representatives of the former President and the incumbent President prior to the release of any Presidential records. Also, it should be noted that many of the documents processed in response to your request may be closed in whole or part in compliance with PRA restrictions and FOIA exemptions.

When processing is completed and the notification period has passed, we will inform you of the availability of the requested records. At that point, you can request that we copy these records at a reproduction fee of \$.50 per page, or you can choose to view these documents in the research room of the Clinton Library where a self-service copier is available for the price of \$.15 a page.

If you have any questions regarding your FOIA request, please contact our staff at (501) 244-2877. Your case log number is 2006-0203-F. Please have this number accessible for reference during any future contact concerning this FOIA request.

20 January 2006

Dear Mr. Purvis:

Here as requested is a revised version of my request for access to certain records of the Clinton administration under the Freedom of Information Act. I would like to request access to White House Central File subject files and National Security Advisor subject files on the following topics:

United States Information Agency  
Voice of America  
Public Diplomacy (if this had its own file)  
Public Diplomacy, Advisory Commission  
Cultural Diplomacy (especially the file relating to the White House conference on this in November 2000)  
International Broadcasting (especially the file relating to the international broadcasting act of 1994 which merged VOA and RFE/RL into a single structure).  
International Broadcasting, Board of  
Broadcasting Board of Governors,  
Radio Free Europe/Radio Liberty  
Radio Marti  
WORLDNET  
Ring Around Serbia (this was a joint effort of VOA, RFE/RL and certain European broadcasters coordinated by NSC)  
NSDD 68  
Foreign Affairs agencies, reorganization of (this is specifically material relating to the legislation finally passed in 1998 which merged USIA into the State Department as of September 1999).

I would also like to view the following name files:

Joseph Duffey, Richard (Penn) Kemble, Geoffrey Cowan, Sandy Ungar, Jamie Metzl, Evelyn Lieberman (materials dealing with her work as Voice of America director and Under Secretary of State for Public Diplomacy -- 1996-2001 -- ONLY, NOT material regarding her time as the First Lady's chief of staff).

Finally I could like to view the text of the First Lady's remarks to the White House gathering to mark the Muslim festival of Eid on 20 February 1996.

I look forward to working with the library in this matter

Nicholas J. Cull

Notes Concerning Conversation with Professor Nicholas Cull – January 23, 2006

Narrowing/Modification of FOIA Request

United States Information Agency – interested in its reorganization – mentioned names Joseph Duffy & Jesse Helms (probably wanted to do away with USIA)

Public Diplomacy – position Under Secretary of State for Public Diplomacy – held by Evelyn Lieberman – key role in reorganization of USIA – not interested in role she might have played in helping Monica Lewinsky “land” in Pentagon

Cultural Diplomacy – was a White House Conference on Cultural Diplomacy – possibly related to reorganization of USIA

Names at bottom of page on FOIA request – wanted to look at alpha file

Mentioned throughout conversation “White House Central Subject Files” –also mentioned wanting to look at agency files for these names

Foreign affairs agencies, reorganization – anything connected with reorganization of USIA

When USIA was reorganized in 1994(?) I think it became part of Department of State

Professor Cull said he would resubmit FOIA request either late today (Jan. 23) or tomorrow (Jan. 24)

The number of subject file hits listed below is misleading - There will be hundreds, possibly thousands of pages that must be processed in PE002 due to the bundling of tracking numbers.

FOIA Case: 2006-0211-F

Dear Professor Cull:

This letter is in further response to your request dated January 20, 2006 for release of information from the William J. Clinton Library for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). We have completed processing, according to the provisions of the PRA and FOIA, the approximately 5363 pages of records responsive to your FOIA request on documents related to Geoffrey Cowan. Please keep in mind that the page total is an estimate and that all pages processed might not be applicable to your specific topic.

Of these records, 349 have been restricted in whole or part in compliance with the restrictions of FOIA and PRA that specify what material can be released to the public. A list of applicable PRA restriction, FOIA exemption categories, and a copy of the finding aid that describes the processed material is attached. Further, the number of pages restricted from access, in whole or in part, is listed along with the restriction categories below. Some pages may be restricted under more than one category.

<u>Restriction</u>	<u>Number of Pages</u>
P1/b(1)	100 pages
P2	2 pages
P5	168 pages
P6/b(6)	236 pages
b(7)(C)	17 pages
b(7)(E)	17 pages
b(7)(F)	17 pages

At this time, you have the right to file an administrative appeal of any Clinton Presidential records responsive to your FOIA request that have been withheld under a restriction category of the PRA, 44 U.S.C. §2204(a). The appeal must be submitted in writing to the Director, William J. Clinton Library, 1200 President Clinton Avenue, Little Rock, Arkansas 72201. You should also include a copy of your original request and our denial. Both your appeal letter and the envelope should be clearly marked "PRA/FOIA Appeal." You have 35 calendar days from the receipt date of this letter to file your appeal.

Please note that 100 pages responsive to your request have been withheld pursuant to PRA restriction P1 and FOIA exemption (b)(1), (national security classified information). In order to facilitate our ability to more quickly seek a declassification review for those specific documents that are of interest to you, we are no longer referring all classified documents processed in response to your FOIA request to the originating and/or equity agencies for a current classification review. Based on the information provided on our withdrawal sheets, you can request under your existing FOIA or through the mandatory declassification review provisions of Executive Order 12958 a declassification review of those specific documents of interest to you.

The remaining pages are open for research. We will be happy to provide you with copies of the open and partially open records (including the FOIA markers, document withdrawal sheets, and administrative markers) upon receipt of the reproduction fee of \$.75 per page. We accept MasterCard, Visa, Discover, American Express, and checks payable to the Clinton Library Trust Fund. You may view the documents in our research room at the Clinton Library where a self-service copier is available for the price of \$.20 a page.

We hope you find this information helpful. We will take no further action regarding this request until we hear from you. If you wish to order copies or need any further assistance, please write or call our staff at (501) 244-2877. Your case log number is 2006-0211-F. Please have this number accessible for reference during any future contact concerning this case.

Dear Mr. Purvis:

Here as requested is a revised version of my request for access to certain records of the Clinton administration under the Freedom of Information Act. I would like to request access to White House Central File subject files and National Security Advisor subject files on the following topics:

United States Information Agency  
Voice of America  
Public Diplomacy (if this had its own file)  
Public Diplomacy, Advisory Commission  
Cultural Diplomacy (especially the file relating to the White House conference on this in November 2000)  
International Broadcasting (especially the file relating to the international broadcasting act of 1994 which merged VOA and RFE/RL into a single structure).  
International Broadcasting, Board of  
Broadcasting Board of Governors,  
Radio Free Europe/Radio Liberty  
Radio Marti  
WORLDNET  
Ring Around Serbia (this was a joint effort of VOA, RFE/RL and certain European broadcasters coordinated by NSC)  
NSDD 68  
Foreign Affairs agencies, reorganization of (this is specifically material relating to the legislation finally passed in 1998 which merged USIA into the State Department as of September 1999).

I would also like to view the following name files:

Joseph Duffey, Richard (Penn) Kemble, Geoffrey Cowan, Sandy Ungar, Jamie Metzl, Evelyn Lieberman (materials dealing with her work as Voice of America director and Under Secretary of State for Public Diplomacy -- 1996-2001 -- ONLY, NOT material regarding her time as the First Lady's chief of staff).

Finally I could like to view the text of the First Lady's remarks to the White House gathering to mark the Muslim festival of Eid on 20 February 1996.

I look forward to working with the library in this matter.

Nicholas J. Cull

Notes Concerning Conversation with Professor Nicholas Cull – January 23, 2006

Narrowing/Modification of FOIA Request

United States Information Agency – interested in its reorganization – mentioned names Joseph Duffy & Jesse Helms (probably wanted to do away with USIA)

Public Diplomacy – position Under Secretary of State for Public Diplomacy – held by Evelyn Lieberman – key role in reorganization of USIA – not interested in role she might have played in helping Monica Lewinsky “land” in Pentagon

Cultural Diplomacy – was a White House Conference on Cultural Diplomacy – possibly related to reorganization of USIA

Names at bottom of page on FOIA request – wanted to look at alpha file

Mentioned throughout conversation “White House Central Subject Files” –also mentioned wanting to look at agency files for these names

Foreign affairs agencies, reorganization – anything connected with reorganization of USIA

When USIA was reorganized in 1994(?) I think it became part of Department of State

Professor Cull said he would resubmit FOIA request either late today (Jan. 23) or tomorrow (Jan. 24)

## Clinton Presidential Library

1200 President Clinton Avenue  
Little Rock, AR 72201

February 3, 2006

Annenberg School for Communication  
University of Southern California  
Attention: Nicholas Cull  
3502 Watt Way, Suite 103  
Los Angeles, CA 90089-0281

FOIA Case: 2006-0199-F

Dear Mr. Cull:

This letter is in response to your request dated January 20, 2006 for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). Your request was received by the Clinton Library on January 20, 2006.

We have performed an initial search of our "textual and electronic" Presidential records for material related to your request concerning Public Diplomacy (related to Under Secretary of State for Public Diplomacy Evelyn Lieberman). Approximately 212 pages of textual records and 11,654 pages of electronic records must be processed in order to respond to your request. A majority of the records that are responsive to your request contain national security information. Please keep in mind that the page total is an estimate and that all pages processed might not be relevant to your specific topic.

The staff of the Clinton Library is currently processing and reviewing FOIA requests that precede your request. To treat everyone equitably, we have placed your request in our classified processing queue by the date it was received in our office. There are currently two (2) cases pending prior to yours. FOIA requests received by the Clinton Library are processed and reviewed for access under provisions of the PRA and FOIA and are subject to Executive Order 13233, which requires that we notify the representatives of the former President and the incumbent President prior to the release of any Presidential records. Also, it should be noted that many of the documents processed in response to your request may be closed in whole or part in compliance with PRA restrictions and FOIA exemptions.

When processing is completed and the notification period has passed, we will inform you of the availability of the requested records. At that point, you can request that we copy these records at a reproduction fee of \$.50 per page, or you can choose to view these documents in the research room of the Clinton Library where a self-service copier is available for the price of \$.15 a page.

If you have any questions regarding your FOIA request, please contact our staff at (501) 244-2877. Your case log number is 2006-0199-F. Please have this number accessible for reference during any future contact concerning this FOIA request.

Sincerely,

Melissa Walker  
Supervisory Archivist  
William J. Clinton Presidential Library

## Processing Notes

[2856 electronic] FOIA request 2006-0199-F contains materials gathered primarily from the White House Automated Records Management System Emails and the NSC Cable and Email systems. There is also a small collection of records from the NSC Records Management System. Prior to her arrival at the Department of State, Evelyn Lieberman served as a Senior Advisor to the Secretary of State after previously holding positions as Director of the Voice of America and Assistant to the President/Deputy White House Chief of Staff in the Clinton Administration. Upon her appointment as Under Secretary of State for Public Diplomacy on October 1, 1999, Lieberman's main task was to oversee the integration of the former United States Information Agency (USIA) into the Department of State's Bureau of Public Affairs. With regard to this transition, the Under Secretary promoted the inclusion of public diplomacy in the overall foreign policy approach of the Department of State in her travels to U.S. embassies. She also trumpeted the value of cultural exchange programs in furthering both the image and diplomatic interests of the United States throughout the world.

## Clinton Presidential Library

1200 President Clinton Avenue  
Little Rock, AR 72201

November 7, 2007

Annenberg School for Communication  
University of Southern California  
Attention: Professor Nicholas J. Cull  
3502 Watt Way, Suite 103  
Los Angeles, CA 90089-0281

FOIA Case: 2006-0199-F

Dear Professor Cull:

This letter is in further response to your request dated January 20, 2006 for release of information from the William J. Clinton Library for Clinton Presidential records under the Freedom of Information Act (FOIA) (5 U.S.C. § 552) and the Presidential Records Act (PRA) (44 U.S.C. §§ 2201-2207). We have completed processing, according to the provisions of the PRA and FOIA, the approximately 3073 pages of records responsive to your FOIA request on documents related to Evelyn Lieberman's work as Under Secretary for Public Diplomacy, 1999-2001. Please keep in mind that the page total is an estimate and that all pages processed might not be applicable to your specific topic.

Of these records, 462 have been restricted in whole or part in compliance with the restrictions of FOIA and PRA that specify what material can be released to the public. A list of applicable PRA restriction, FOIA exemption categories, and a copy of the finding aid that describes the processed material is attached. Further, the number of pages restricted from access, in whole or in part, is listed along with the restriction categories below. Some pages may be restricted under more than one category.

<u>Restriction</u>	<u>Number of Pages</u>
P1/b(1)	256 pages
b(2)	6 pages
P5	322 pages
P6/b(6)	20 pages
B(7)(E)	4 pages

At this time, you have the right to file an administrative appeal of any Presidential records responsive to your FOIA request that have been withheld under a restriction category of the PRA, 44 U.S.C. §2204(a). The appeal must be submitted in writing to the Director, Clinton Presidential Library, 1200 President Clinton Avenue, Little Rock, AR 72201. You should also include a copy of your original request and our denial. Both your appeal letter and the envelope should be clearly marked "PRA/FOIA Appeal." You have 35 calendar days from the date of receipt of this letter to file your appeal. Since these are Presidential records administered in accordance with 44 U.S.C. §§2201-2207 and Executive Order 13233, NARA must notify the former and incumbent Presidents prior to the release of any information in response to this appeal. Once an appeal determination is made and the provisions of E.O. 13233 have been met, we will contact you.

Please note that 256 pages responsive to your request have been withheld pursuant to PRA restriction P1 and FOIA exemption (b)(1), (national security classified information). In order to facilitate our ability to more quickly seek a declassification review for those specific documents that are of interest to you, we are no longer referring all classified documents processed in response to your FOIA request to the originating and/or equity agencies for a current classification review. Based on the information provided on our withdrawal sheets, you can

request under your existing FOIA or through the mandatory declassification review provisions of Executive Order 12958 a declassification review of those specific documents of interest to you.

The remaining pages are open in whole for research. We will be happy to provide you with copies of the open and partially open records (including the FOIA markers, document withdrawal sheets, and administrative markers) upon receipt of the reproduction fee of \$.75 per page. We accept MasterCard, Visa, Discover, American Express, and checks payable to the Clinton Library Trust Fund. You may view the documents in our research room at the Clinton Library where a self-service copier is available for the price of \$.20 a page.

We hope you find this information helpful. We will take no further action regarding this request until we hear from you. If you wish to order copies or need any further assistance, please write or call our staff at (501) 244-2877. Your case log number is 2006-0199-P. Please have this number accessible for reference during any future contact concerning this case.

Sincerely,

Melissa Walker
